## KGH Guest Wi-Fi

Kingston General Hospital keeps patients, guests and hospital staff connected through our wireless high-speed Internet access service.

This service lets you stay in touch with family, friends and colleagues and can also be used for education, entertainment and business.

**How do I connect to the Wi-Fi?**

To access the *KGH Guest Wi-Fi* service with your own laptop, smartphone, or tablet, click on your device's wireless settings and set it to search for available Wi-Fi signals.

When the *KGH Guest Wi-Fi* service message appears, follow the on-screen instructions.

Be sure to scroll down to the bottom of the screen to accept the terms and conditions of use.

**Kingston General Hospital**

*Outstanding care, always™*
