

The Network of Networks Standard Operating Procedures for Clinical Research

The Network of Networks' Standard Operating Procedures for Clinical Research, although contained in a separate binder located within the KGH Office of Health Sciences Research, are an extension of the KGH Policy Number 11-152. The SOPs are applicable Hospital-wide and all researchers, research staff, medical and graduate students, post-doctoral fellows, volunteers, and trainees conducting research within the Hospital will adopt and adhere to the procedures outlined below. An electronic copy can be obtained from the KGH Office of Health Sciences Research, upon request:
