ADDITIONAL NOTES:											
Inspector's name:											
Inspector's initials.											
				•						•	

Inspections are to be done weekly.

Water should be run for at least 5 minutes to flush the pipes.

Complete each field with a Yes or No.

<sup>\*</sup> Items marked as "NO" are to be corrected immediately. KHSC's Maintenance Department should be contacted, a work order submitted and the emergency eyewash station should be tagged out of service until the deficiency(ies) are addressed and resolved.
