

Healthy Volunteers Wanted for Eye Movement & Genetics Study

Currently seeking **healthy volunteers** to participate in a 2-hour study investigating cognitive and emotional processing using eye movement behaviour.

To be eligible, you must:

- Be 18 - 50 years of age
- Have normal/corrected-to-normal vision and no history of eye injury
- Have no history of severe brain injury or medical illness
- Have no history of psychiatric diagnosis or symptoms

The study:

- Conducted at Kingston Health Sciences Centre - Kingston General Hospital & Hotel Dieu Hospital sites
- Eligibility for participation will be determined by neuropsychiatric assessment with a trained professional
- You will complete brief cognitive tests/questionnaires pertaining to our study
- You will complete a number of simple eye movement tasks
- You will be invited to provide a genetic sample via 2 cheek swabs
- Eligible participants will receive compensation at a rate of \$20/hour
