

An easy, secure way to store and share your diagnostic imaging records!

-  Imaging Records & Reports are stored permanently and are accessible to you at any time, from any device
-  Records can be shared online with any doctor instantly in full diagnostic quality
-  Strong privacy and encryption protocols keep your medical information as secure as your banking information

How to Enroll For Access

- 1** Visit **pocket.health/KHSC** online or **scan the QR code**.
- 2** **Pay a \$5.00** transfer fee to access your most recent exam, and available historical imaging records from KHSC, which includes Hotel Dieu Hospital (HDH) and Kingston General Hospital (KGH). Additional fees* are required to access future images.

*Once you have paid the \$5.00 transfer fee, any new exams performed at KHSC within two-weeks will automatically be added to your account without charge (a two-week "grace period").

OR

A yearly subscription of \$49 is also available to access all existing AND future imaging for you and up to four consenting family members.
- 3** When your records are ready to view, you'll receive an email from PocketHealth. If you've had prior imaging completed at KHSC the email is received within **24-48 hours** after enrolment. For recent exams, the email is received once your imaging is finalized by the hospital.

Done! Share your imaging records with your doctor instantly and have full control over your medical imaging information.
