

# Help Us Advance Epilepsy Research!

If you are between the age of 18-65 years old, this study may be for you.

Conducted under the direction of Dr. Gavin Winston

## Join our Mission to Improve Understanding of Memory and Cognition in People with Epilepsy

*Healthy participants wanted*

Financial compensation provided

### Participation involves:

- Cognitive assessment
- Robotic assessment
- MRI brain scan

### Duration:

- Total time is 3 hours
- Flexible scheduling available

### Location:

- Kingston General Hospital
- 15 O'Kill St (MRI scan)

### Why Join?

- Make a difference in epilepsy care
- Support groundbreaking research

### Are you Eligible?

- Ages 18-65
- No neurological/psychiatric problems

### Questions? Contact:
